driving out to Miette Hot Springs* at dusk, where you may view wildlife along the road. Drive slowly and carefully. **Overnight Jasper.**

Day 5. Jasper| Lake Louise. There are many worthwhile viewpoints along the Icefields Parkway, this is another day to catch up and enjoy some more. We would recommend the short, but steep trail at Parker's with spectacular views of the Saskatchewan Glacier. Continue on spending most of the day sightseeing. You can avoid any crowds at the popular Lake Louise, Moraine Lake or Emerald Lakes by arriving late. All have short and easy lakeshore trails and great lakeside dining options. **Overnight Lake Louise.**
